**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need healthy competition in the broadband provider space. Virtual monopolies will just stifle innovation and raise prices for the common people. The only benefactors are the large telcos.

I am a former customer of AT&T broadband and Comcast and their service was horrible. I've been a customer of a 'small' provider and have no complaints whatsoever. Please continue to allow small broadband providers compete fairly in the marketplace!
